

SOIL GRINDER

TECHNICAL DETAILS

Capacity
15m³ / day

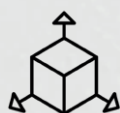

Voltage
380 V

Frequency
50 Hz

Power
3 kW

Dimensions

Width: 90 cm

Length: 70 cm

Height: 140 cm

Weight

145 kg

TECHNICAL SPECIFICATIONS

- It breaks all the lumps by breaking down materials such as forest soil, clay, peat.
- Eliminates the need for elimination.
